# *The Camp Barton Calendar*

## *Summer 1992*

- **Staff Week: June 28th - July 4th**

In which the gallant staff sets up camp, and the ski boat enters the water for the first time. The ski boat then leaves the water, and re-enters the water. Power is restored to camp by Thursday, and we all become experts in CPR and showering with one's Scoutmaster...

- **Week 1: July 5 - 11th**

"Secret Agent Week" - Evil Gangster C. Live kidnaps the camp director to keep his former gun moll from testifying against him in his upcoming trial for gun running, murder and impersonation of Arnold Schwarzenegger. Brian Murphy tries being a door, and runs into a rabid raccoon instead. The ski boat dies. Rain begins.

- **Week 2: July 12th - 18th**

"Cowboys and Indians Week" - Help Jimmy the Prospector find the Lost Watermelon Mine and avoid the evil National Inspectors. The watermelon mine is found, and the camp is inspected anyway. The ski boat dies. Rain continues.

- **Week 3: July 19th - 25th**

"Civil War Week" - Re-enact the Battle of Gettysburg, complete with watery Pickett's Charge and disintegrating Ironclads. It's still raining.

- **Week 4: July 26th - August 1st**

"Rasta Week" - Jah Clive Whitehead, descendent of the famous pirate, fights the evil David Kennedy to keep the island Camp from being turned into a theme park for Doodles the Flying Gypsy Moth. We discover why the ski boat was such a bargain.

- **Week 5: August 2nd - 8th**

"Steamboat Week" - Captain David leads a crew on his steamboat. The new ski boat now says "RESCUE" on the side. The week ends appropriately - rain.
